i-Land Fest is the premier Caribbean Carnival in British Columbia's capital and the entire Vancouver Island region.

This vibrant celebration immerses attendees in the rich spirit of the Caribbean, featuring soca & calypso music, a parade, and performances by local, regional and international Caribbean artists. i-Land Fest not only showcases the cultural diversity of the Caribbean but also provides a valuable platform for Caribbean businesses and entrepreneurs.

Celebrating Our 2024 Success

The 2024 i-Land Fest, held on August 24 and 25 at Centennial Square, was a spectacular achievement, attracting approximately **6,000 enthusiastic attendees**. The parade on Government Street drew **4000 spectators** while **400 vibrant masqueraders** added to the carnival spirit. Our after party was a hit, selling out with **350 guests** and a bustling line outside Medusa's Shot House in downtown Victoria.

Additionally, we were honoured to feature **Shurwayne Winchester**, international Trinbagonian soca artist, who headlined our 2024 event with a phenomenal performance. The festival also showcased a diverse array of 25 vendors, enhancing the overall experience with a variety of food, art, and goods.

What Sets Us Apart

Our festival stands out with its focus on sustainability and inclusivity. We encourage the reuse of costumes from other carnivals and offer donated costumes at a low cost to cover shipping, promoting both environmental responsibility and accessibility.

Exciting Plans for 2025

After the resounding success of our inaugural event in 2024, we are thrilled to announce exciting enhancements for our 2025 festival.

We're expanding the festival to a thrilling three-day event! The extra day will feature a Steel Pan concert, spotlighting traditional steel pan musicians and celebrating Trinidad & Tobago's national instrument.

We're also exploring a new venue that offers more comfort and convenience for our attendees. Our goal is to provide a space where guests can relax with lawn chairs, picnic mats, and small tents, creating a more comfortable and enjoyable festival experience than ever before.

We invite you to be a part of this evolving celebration and help us make the 2025 i-Land Fest our most memorable event yet.

Media Coverage & Online Presence

i-Land Fest received extensive media coverage from local and regional news outlets, the festival's vibrant celebration of Caribbean culture has captured the attention of thousands. The event was highlighted in the following major publications:
